

FLORIDA DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES
COMMISSIONER ADAM H. PUTNAM
THE CAPITOL

October 15, 2014

Mr. Ken Plante
Coordinator
Joint Administrative Procedures Committee
111 W. Madison Street
Tallahassee, Florida 32399-1400

Re: Section 120.74(3), Florida Statutes, 2014 Annual Regulatory Plan

Dear Mr. Plante:

Pursuant to the requirements of Section 120.74(3), Florida Statutes, the Florida Department of Agriculture and Consumer Services (department) has prepared the enclosed regulatory plan identifying and describing each rule the agency proposes to adopt over the next twelve months, excluding emergency rules. The report has been posted on the department's website at: www.FreshFromFlorida.com/offices/general_counsel/docs/2014RegulatoryPlan.pdf.

The department's plan includes the proposal, amendment, or repeal of rules across the department's 14 Offices and Divisions. Some notable parts of the proposed plan include the development of rules for the Food Distribution Program for Schools, the adoption of Best Management Practices for Florida Dairy Operations, and the repeal of several obsolete and outdated rules. The department will also propose rules to implement newly enacted laws from the 2014 Legislative session.

The department takes its rulemaking responsibilities seriously and we strive to maintain an open dialogue with our regulated industries and others affected by our rules. The department will endeavor to continue to streamline our rules to eliminate regulatory duplication as well as remain committed to achieving government accountability to those we regulate and to the consumers of this state.

Sincerely,

A handwritten signature in blue ink, appearing to read "Adam H. Putnam".

Adam H. Putnam
Commissioner of Agriculture

Animal Industry	Chapter 5C-30	Enforcement and Penalties	Amendment	General updates
Animal Industry	Chapter 5C-31	Cattle Identification	Amendment	Addition of new rule for the purpose of movement from Approved Livestock Markets to other states and incorporated materials
Aquaculture	5L-1.001	General Requirements and Intent	Amendment	Implements technical changes updating the address of the Division of Aquaculture, updates the publishing year of the most current Model Ordinance cited, replaces an incorrect number on a list, and updates a web link that the Federal government has changed.
Aquaculture	5L-1.002	Definitions	Amendment	Implements technical changes updating the publishing year of the most current Model Ordinance cited.
Aquaculture	5L-1.003	Shellfish Harvesting Areas and Standards	Amendment	Amends the rule to allow for quarantine controlled harvest of shellfish as described in the Model Ordinance, removes the administratively closed St. Marks Shellfish Harvesting Area and adds the Choctawhatchee Conditionally Restricted Eastern Harvest Area.
Aquaculture	5L-1.004	Production and Market Standards	Amendment	Implements technical changes updating the Division's address and a form revision date.

2014 - 2015 FDACS Proposed Regulatory Plan				
Division	Rule Number	Rule Title	Proposed Action	Description revisions to rule
Aquaculture	5L-1.005	Shellfish processing Plant Certification License	Amendment	Implements technical changes updating the Division's address and a form revision date. Amends the rule by removing an outdated requirement for an unnecessary FWCC license, thereby helping businesses which strictly deal with aquaculture fishery products. Eliminates a redundant, reapplication requirement for processing plants which fail their initial inspection.
Aquaculture	5L-1.006	Compliance and Penalties	Amendment	Implements technical changes updating form revision dates and reformats rule text for ease of reading.
Aquaculture	5L-1.007	Container Identification, Terminal Sale Date, Prohibitions	Amendment	Amends the rule by restating harvester responsibilities in a clear fashion, to assist their understanding and assist our sister agency's understanding. Eliminates harvested from the Gulf of Mexico so as to include terminal sale date on all oyster shellstock.
Aquaculture	5L-1.008	Shellfish Handling	Amendment	Amends the rule by describing significantly different styles of wet storage systems to assist industry. Modifies complex and overly restrictive state regulations for wet storage of shellfish to align with Federal rules followed by members of the National Shellfish Sanitation Program. Current Florida rules incorrectly grouped wet storage regulations with depuration regulations. Amends the rule to include tempering of clams as an alternative process. Amends the rule to comply with NSSP vibrio time/temperature matrix. Adds "mechanical" to refrigeration of shellfish leaving certified process facility.
Aquaculture	5L-1.009	Shellfish Relaying	Amendment	Amends the rule by eliminating incorrect language that was inserted during last rule revision (2002). Adds language to clearly describe biotoxin relay steps. This benefits the shellfish industry. Amends the rule to eliminate wild resource relay to public submerged lands.
Aquaculture	5L-1.010	Buildings and Facilities	Amendment	Implements technical changes by updating hand washing facility temperature from 110 degrees F to 100 degrees F, for consistency with the National Shellfish Sanitation Program.
Aquaculture	5L-1.011	Equipment for Shellfish Processing	Amendment	Amends the rule by adding language to include wet storage and adds the words "food safe" to make it easier to understand what kind of materials are required to be used in shellfish wet storage and depuration systems. Amends the rule by adding language that shellstock shippers and reshippers that do not handle food product, utensils or equipment shall not be required to install and maintain a 3 compartment sink.
Aquaculture	5L-1.012	Sanitary Operations	Amendment	Implements technical changes updating the Division's address.
Aquaculture	5L-1.013	Plant Operations	Amendment	Implements technical changes updating the publishing year of the most current Model Ordinance cited and strikes through an incorrect citation to 5L and replaces it with the correct one. Amends the rule by adding clarifying language to distinguish which types of wet storage require ultraviolet light systems and adds language describing corrective action for oysters failing to cool by specific times.
Aquaculture	5L-1.015	Depuration Plant Operations	Amendment	Amends the rule by incorporating relevant portions of the rule with wet storage of shellfish. Eliminates confusing language regarding draining of certain treatment tanks and therefore standardizes the cleaning procedure. Adds language to specify water flow requirements

2014 - 2015 FDACS Proposed Regulatory Plan

Division	Rule Number	Rule Title	Proposed Action	Description revisions to rule
Aquaculture	5L-1.017	Depuration- Process Water Treatment Standards	Amendment	Amends the rule by incorporating text to describe the substantially different requirements for wet storage process water. Current rule erroneously assumes depuration water and wet storage water testing criteria are the same. This amendment would align Florida's program with the National Shellfish Sanitation Program. Implements a technical change by replacing an outdated scientific name for an organism with the modern scientific name. Amends the rule to include wet storage requirements.
Aquaculture	5L-1.018	Depuration Ultraviolet (UV) Unit.	Repeal	
Aquaculture	5L-1.019	Laboratory Procedures and Sample Testing	Amendment	Implements technical changes by updating the Division's address. Amends the rule to reference correct edition of the "The recommended procedures for bacterial examination of seawater and shellfish".
Aquaculture	5L-3.004	Aquaculture Best Management Practices Manual	Amendment	Amends Aquaculture Best Management Practices Manual
Aquaculture	5L-3.005	Aquaculture Certificate of Registration	Amendment	Amends annual registration fee and required submittals.
Aquaculture	5L-3.006	Minimal Impact Aquaculture Facilities	Amendment	Amends definitions of Minimal Impact Facilities.
Aquaculture	5L-3.007	Failure to Comply with Best Management Practices	Amendment	Amends fines and violations to be consistent with 570.971 F.S.
Consumer Services	5F-2.002	Disposition of Below Standard Gasoline, Kerosene, Diesel Fuel Oils No. 1-D and No. 2-D, and Fuel Oils No. 1 and No. 2, and Alternative Fuels	Amendment	Updates references to department forms.
Consumer Services	5F-2.003	Registration and Identification	Amendment	Amends to reference the most recent version of 16 CFR Part 306.12, pertaining to octane rating and alternative fuel labeling for motor fuel dispensers; reflects the updated diesel fuel dispenser labeling requirements established by the Environmental Protection Agency (EPA); adds labeling requirements for E15, mid-level ethanol blended and butanol blended fuels; updates labeling requirements for high-level ethanol blended fuels and biodiesel blended fuels; and updates references to department forms.
Consumer Services	5F-2.005	Inaccurate Measuring Devices	Amendment	Updates references to department forms and documents and references to the division.
Consumer Services	5F-2.006	Inspection Identification Stickers	Amendment	Updates references to department forms.

2014 - 2015 FDACS Proposed Regulatory Plan

Division	Rule Number	Rule Title	Proposed Action	Description revisions to rule
Consumer Services	5F-2.014	Adoption of the General Code and the Codes of Liquid-Measuring Devices, Liquefied Petroleum Gas and Anhydrous Ammonia Liquid-Measuring Devices, Hydrocarbon Gas Vapor-Measuring Devices, Vehicle-Tank Meters, and Vehicle Tanks Used as Measures of National Institute of Standards and Technology Handbook 44 Meter Sealing Requirements	Amendment	Amends rule reference for the adoption of the National Institute of Standards and Technology (NIST) Handbook 44; adds diesel fuel nozzle size requirements; and updates references to department forms.
Consumer Services	5F-2.016	Guidelines for Imposing Administrative Penalties	Amendment	Updates language to reflect changes in other sections of Rule Chapter 5F-2, F.A.C., implements penalties for businesses having three or more minor violations within a three year period; changes violation levels of certain violations; refines the penalty structure; specifies certain timeframes and penalty amounts for various actions; adds penalties for new fuel types adopted in other sections of this chapter; eliminates the requirement prohibiting less than one percent ethanol in gasoline if the dispenser is labeled as an ethanol blended product; makes the penalty for ethanol and biodiesel content labeling violations, respectively, more appropriate when the actual content of either is lower than the posted content; includes as a mitigating factor acceptance of responsibility, in writing, for violations to this rule chapter; allows the department to remove from service equipment that has not been repaired after proper notice and remains in use for the distribution of fuels; provides penalties for persons who sell fuel that had been placed under stop sale order; and updates references to department forms.
Consumer Services	5F-11.002	Standards of National Fire Protection Association Adopted	Amendment	Adopts 2012 (current) edition of NFPA 54, <i>National Fuel Gas Code</i> , and accompanying handbook, as required by Section 527.06, F.S., adopts 2013 (current) edition of NFPA 110, Standard for Emergency and Standby Power Systems, as required by Section 527.06, F.S., and adopts 2014 (current) edition of NFPA 58, Liquefied Petroleum Gas Code, and accompanying handbook, as required by Section 527.06, F.S.
Consumer Services	5F-11.080	Enforcement Actions and Administrative Penalties	Amendment	Revises Major Violation offense language for "Failure to correct hazardous deficiencies," by removing reference to "within thirty days," and replacing this with "within the time period specified." Thirty days would not typically be permitted. This revision is consistent with language included in the list of Minor Violation offenses related to "Failure to correct non-hazardous deficiencies... within the time specified."

2014 - 2015 FDACS Proposed Regulatory Plan				
Division	Rule Number	Rule Title	Proposed Action	Description revisions to rule
Florida Forest Service	5I-2.006	Open Burning Allowed	Amendment	Modifies F.A.C. 5I-2.006 as a result of the changes made during the 2013 Legislative session to F.S. 590.02, 590.11 and 590.125. The FFS also modified the daytime burning authorization period, extending it by one hour to two (2) hours after sunset. As of 9/10/2014 this rule has reached the adoption phase of the rule making process
Florida Forest Service	5I-4.002	Definitions	Amendment	The additions include definitions in 5I-4.002 for "Access", "Designated Trail", and "Service Animals". There is an updated definition of "Pet". There is an updated the definition of "All Terrain Vehicle" and "Recreational Off-Highway Vehicle" as found in Florida Statutes since these provisions can change more frequently. For clarification, there are updated definitions. "Schedule of Fees" has eliminated the term "User", eliminates the date and the phrase after the date since fees can be updated consistent with section 589.011(3) F.S., and has the corrected hyperlink location of the website, and re-numbering is needed.
Florida Forest Service	5I-4.003	Vehicular, Animal and Pedestrian Control	Amendment	(11) has been reworded to be clear, (12) has been has been revised to be clear, adds named or numbered forest roads designated by the District or Center Manager, and adds the first sentence from (14). Eighteen has been added to include lands that are not in a WMA and are potential Operation Outdoor Freedom designated areas.
Florida Forest Service	5I-4.005	Protection of Managed Lands	Amendment	(3) adds "gain access from"; (8),(9), (10), (11) and (16) adds "unless written permission is granted from the Service". (12) does not authorize the removal of plant material unless "written permission is from the Service". (20) has been reworded for unattended items within campsites, and (21) has been added for any other unattended items within the state forest boundary and not just camping areas.
Florida Forest Service	5I-4.006	Recreational Activities and Facilities	Amendment	(1)(d) add "unless authorized by the Service", (4) deleted, (l) reworded and moved to (b), deleted (n) and moved it to (c), (d) added that the purpose of the camping limit is to prevent any camper from taking up occupation, and during times of low occupation the district or center manager has the authority to extend campsite use between 15 and 29 consecutive days, revised new (f) states that one recreational vehicle "and one tent", and changed from "two" to "three" tents are allowed per campsite, delete old (g) and created a new (8) titled "Pets", (h) deleted "Croom Motorcycle Area" from second sentence and created third sentence for that area, new (m) revised language to be clear, (5) (b) allows the district or center manger to designate the number of hunters who can occupy a non-hunt campsite, (d) added that hunt camp authorizations can be placed at an area designated by the district or center managers, (f) is a new provision that allows district or center managers to use hunt camps outside hunting seasons, (6) changed from specific names of OHV areas to "Service designated areas". This was completed since there will be other new locations on other portions of State Forests may be opening soon, and this would not result in changing the rule when other areas are designated for this use.
Florida Forest Service	5I-4.008	Vendors; Authorizations; Fees	Amendment	Eliminate "offsite" since vendors can be on State Forests or offsite, and the vendors shall provide or post general information governing the use of forest without posting the brochure.
Florida Forest Service	5I-4.011	Penalties for Violations	Amendment	Amends the penalties from \$500 to \$1,000 consistent with section 590.14 and adds this provision to Law Implemented.
