Cache Location Description												

General Rules:

1. The cache needs to be placed in a container with dimensions not to exceed one cubic foot and be above ground, but not nailed to trees. You will place it in close proximity to an existing road or trail.
2. The undersigned agrees to ensure the site is monitored at least quarterly for signs of excessive use or disturbance and keep it clean of trash and debris. It's further understood the undersigned should live in the vicinity of the cache, to facilitate frequent maintenance.
3. The cache may not contain perishable materials, political materials, or inappropriate materials, such as pornography, explosives, fireworks, ammo, knives, drugs, tobacco, alcohol, or any other illicit materials.
4. Approval will be based on multiple factors including, but not limited to: proximity and number of existing caches on the state forest, archaeological and ecological resources, frequent flooding, fire frequency, upcoming timber harvests, etc.
5. The Florida Forest Service will not be responsible for vandalism or damage to the cache, including if damaged by a fire, prescribed fire, or any other management activity.
6. After one year from the date of approval, the undersigned will need to request an extension for an existing cache, relocation on the same management area, or remove the cache completely. It is also agreed that the undersigned will voluntarily remove the cache when requested by the Florida Forest Service for cause or one year from the date of approval, whichever comes first.
7. The undersigned agrees to follow all Rules and Regulations on the state forests.

I have read and agree to abide by all the general rules above.
