ACTION ITEMS

NAI REGISTRATIONS

STARGUS, (*Bacillus amyloliquefaciens* strain F727 cells and spent fermentation media), (Marrone Bio Innovations, EPA Reg. No. 84059-28), a broad spectrum biofungicide/bactericide for the control or suppression of fungal and bacterial plant diseases. Written comments were received from FDACS Bureau of Agricultural Environmental Laboratories, Bureau of Chemical Residue Laboratories, Bureau of Licensing and Enforcement, Scientific Evaluation Section, Florida Fish and Wildlife Conservation Commission, and Florida Department of Health. The Committee recommended approval of this product. (AR)

EUP REGISTRATIONS

CALLISTO HERBICIDE, (mesotrione), (Syngenta Crop Protection, EPA EUP permit No. 100-EUP-114) for consideration of the extension of the federal EUP registration for 480 acres of soybeans in Florida through 2018. FDACS received a letter from Syngenta on December 20, 2017 requesting the Department withdraw the review and consideration of this product at the January 2018 PREC meeting. The EUP application for the extension was administratively withdrawn by FDACS. (AS)
