ACTION ITEMS

NAI REGISTRATIONS

VELIFER FUNGAL CONTACT INSECTICIDE/MITICIDE (*Beauveria bassiana* strain PPRI 5339), (BASF Corporation, EPA Reg. No. 71840-22), for biological control of piercing and sucking insects or mite pests in enclosed greenhouses on ornamentals, fruits, vegetables, herbs, and spices, which includes vegetables, fruits, herbs, and spice transplants for the consumer market. Written comments were received from FDACS Bureau of Agricultural Environmental Laboratories, Bureau of Chemical Residue Laboratories, the Bureau of Inspection and Incident Response, the Bureau of Scientific Evaluation and Technical Assistance Scientific Evaluation Section, and the Florida Fish and Wildlife Conservation Commission. The Committee recommended approval dependent upon the review from the Florida Department of Health and a label correction brought up in the reviews. (LR)

Adjourned at 9:28 A.M.
